CARE St. Peter

Minnesota Square Park

1000 S. Minnesota Ave, St. Peter, MN

The community addiction recover enterprise (**C.A.R.E.**) **St. Peter** program provides in-patient services for chemical dependency, substance abuse treatment and mental illness. **St. Peter** provides a safe haven where Minnesotans can heal. The workers at **CARE St. Peter** provide a lifeline to many Minnesotans needing the help that AFSCME Council 5 union members provide within the walls of the treatment facilities.

But, now **the Minnesota Department of Human Services wants to close this lifesaving program in St. Peter, and we must fight back!**

We urge you to support us by signing this petition against the closure of our much-needed chemical dependency and mental illness treatment facilities in **St. Peter, Minnesota.**

CALL OUR LEADERS to tell them:

DO NOT CLOSE CARE ST. PETER!

Governor Tim Walz - 651-201-3400
